

STRONGHOLD GAMES - DEMO COPY PROGRAM

RETAILERS: *Stronghold Games wants to help you!* We invite you to participate in our Demo Copy Program, which is designed to make our games available at your store for demos and playing. We created this form to promote the program and to enable customers to express their interest to you in having our games available for demos and plays. Here are the details of the program, and how you can order demo copies:

- Retailers may order demo copies from PSI Marketing: www.psiplayhouse.com/wp/index.php/demo-program/ [We hope to enable this via these 5 distribution partners in the future: Alliance, ACD, GTS, PHD, SHD.]
- You may order 1 demo copy per title at 75% off MSRP, or alternatively receive 1 copy **FREE** with the purchase of a case pack. You may only order 1 copy of each title per physical brick and mortar location per calendar year.
- Demo copies of games will be stickered appropriately by PSI in-house using mildly damaged products or core stock, and if core stock is used, the pricing discount will be covered by Stronghold Games.

GAMERS: Below is a list of current and soon-to-be available standalone games from Stronghold Games. **CHECK THE BOX** next to the games in which you are most interested and politely share this request with your retailer. Future 2016 releases have an asterisk before their Stock Code and will be available at their Street Date for demo copies. Watch for updates on Stronghold Games releases and Street Dates at: www.strongholdgames.com
