

Stronghold Games Announces the Reprinting of the classic game "Survive!"

New Jersey, USA and Ontario, Canada -- April 24, 2010

Stronghold Games is proud to announce the long-awaited reprint of the classic game "Survive!". This highly-regarded game has seen printings and editions in numerous countries and languages, selling almost 1.5 million copies worldwide. Stronghold Games has been selected to bring the game back to life for both fans of the previous editions as well as a new generation of gamers.

Stronghold Games has obtained full rights to all versions of the game including "Survive!", "Escape from Atlantis", and "Atlantis". The new edition will feature a rule set that will enable gamers to enjoy the original "Survive!" rules, plus it will add new optional elements combining the best of the previous editions. This edition will benefit from the direct input of the original designer, Julian Courtland-Smith. To respect the lineage of the game, the new edition will be titled "Survive: Escape from Atlantis".

In "Survive: Escape from Atlantis", players are tasked with escaping from an island that is slowly sinking into the sea. Players control a number of stranded citizens who must escape to islands surrounding Atlantis. Along the way they can be helped by boats or dolphins, but danger lurks everywhere! Sea monsters, whales and sharks can stand in the way of escape. The island sinks in a different way each game, so players must adjust their strategy from game to game. Head for the high ground if you must, but be prepared to make a desperate swim for safety!

"Survive: Escape from Atlantis" is scheduled currently for release in Q4 of 2010. Stronghold Games holds rights to print the game in all languages and territories, and a full list of the included languages will be made available at a later date.

"Stronghold Games is the most professional organization with which I have ever had the pleasure to work." said Julian Courtland-Smith, designer of the game. "I am proud to be working with them on this project. I fully anticipate the Stronghold Games edition of 'Survive' will be the best version of the game to date."

More details on this production will be made public as the scheduled release date approaches.

Parties interested in foreign-language licenses should contact Stronghold Games immediately.
